info@walthammuseum.org**

Greetings from The Waltham Museum. We've spent the last few years updating and rediscovering our collections.

At the Museum we not only educate but are a gathering place to learn and celebrate the citizens of Waltham. We're open on Wednesdays and Saturdays with general-public hours 10am-2pm. We continue to host both private and public events. Currently we are working to update our media and ability to outreach online.

All Museum staff are volunteers. Your much needed donations go directly to supporting maintenance and development of museum exhibits and events. Our expenses have continued despite the pandemic. Your support as a member sustains the Waltham Museum, a physical reminder of the people and industries that have made our city vibrant. Please join or renew your membership today and consider an additional donation.

Come visit and celebrate Waltham with us. We look forward to seeing you.
